Great News From Intel About Arizona

Company investing \$7 billion in AZ, creating thousands of jobs

GOVERNOR DOUG DUCEY: "Intel's expansion in Arizona is huge news for our state. With thousands of jobs and a \$7 billion investment, Fab 42 will create a ripple effect throughout our economy. This means jobs for Arizonans, and a historic investment in our state. Intel's commitment to Arizona speaks volumes about our workforce, advanced educational infrastructure, business environment and commitment to technology and innovation. This represents a core area of Arizona expertise, advanced engineering and manufacturing. We are thrilled about this announcement and what it means for Arizonans."
