[Flake's #NAFTA4AZ Initiative Has Arizonans Sharing NAFTA Success Stories](#)

Arizonans from across the state are joining Flake's grassroots effort to highlight NAFTA's critical role in supporting jobs, opportunity, and economic growth

PHOENIX – As part of U.S. Sen. Jeff Flake's (R-Ariz.) NAFTA4AZ initiative, Arizonans are taking to social media to share personal stories illustrating how their lives have been positively impacted by the North American Free Trade Agreement (NAFTA). From farmers to small businesses owners to industry leaders, Arizonans from across the state are joining Flake's grassroots effort to highlight NAFTA's critical role in supporting jobs, opportunity, and economic growth as the administration prepares to begin renegotiating the agreement this summer.

Arizonans can submit their unique NAFTA-related experiences, ideas, and comments directly to Flake at flake.senate.gov/nafta4az. Flake will utilize the feedback collected through NAFTA4AZ in his ongoing effort to ensure renegotiations produce a stronger, more modern trade agreement that will continue to spur job creation and economic growth in Arizona.
